Images are for presentation purposes only
and not licensed for internal or external use.

Welcome to Crunch's brand playbook.
We designed it to define who we
are and what our mission is. Enjoy
(and remember, **#NOJUDGMENTS**).

WHERE IT ALL BEGAN

We started modestly as one small gym in a humble basement studio in New York City's East Village in 1989 as a welcoming place for a diverse group of people to get fit. While we believe in the power of fitness to improve lives, we also know exercise is hard work and everyone can use a little more motivation.

So we've fused fitness and entertainment so that we can make serious exercise fun.

TONE OF VOICE

WHAT WE ARE: THE FIVE I'S

Inclusive

Everyone's welcome. No Judgments.

Inspiring

We want you to thrive here (and in general).

Intelligent

We're experts. We know what we're talking about and it shows.

Irreverent

Life's too serious not to have a serious sense of humor ... and fun.

Informative

We strive to give the full story on our offerings – and our values.

Beyond the i's: we're also conversational, relatable and friendly.

WHAT WE AREN'T: (THE FIVE NOT-I'S)

Exclusionary

This isn't a key-access club and we should never sound like it is.

Selfish

We're not self-obsessed. We're proud of ourselves but are all about you.

Jokey

We're all about humor but we don't speak in text language or hokey jokes.

Straight-Laced

We're serious about fitness, but don't want to sound like an unsmiling cult.

Esoteric

Fitness isn't the same for everyone, so we don't present it amorphously.

BIG NO-NOS

ASSUMPTIONS

We won't assume anything about the experience or fitness level of the member-readers.

NO: Our top-level equipment guarantees a perfect bikini bod.

YES: Whether you're perfecting your beach bod or just getting back into the game, our instructors will be there with a high-five.

GENERALITIES

We don't assume you adore or hate working out, nor do we speak as though everyone's goal or endgame is the same.

NO: Top-class instructors that'll actually make you want to go to the gym again.

YES: Whether the gym is a chore or a cheer, our top-class instructors are there to take you to your next level.

BODY SHAMING

Yes, we have humor, but no, we are never negative about body. I.e., you might be working out to get in shape for a date, but you're not working out to look less awful for your date.

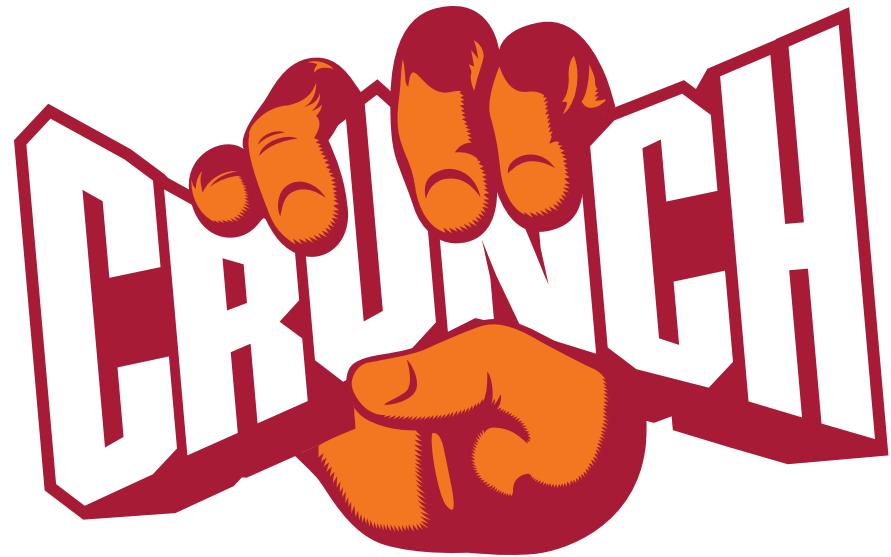

NO: Crunch. Because you don't want to have an extra 10 when you meet your perfect 10.

YES: Crunch. Because you finally swiped right on someone right, and need to regain your flexibility fast.

PRIMARY LOGO

This is our logo. It is the cornerstone of our visual identity - a modern refresh of our original logo.

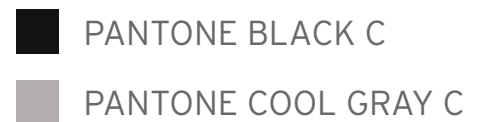

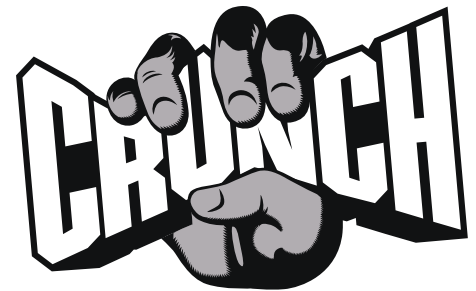

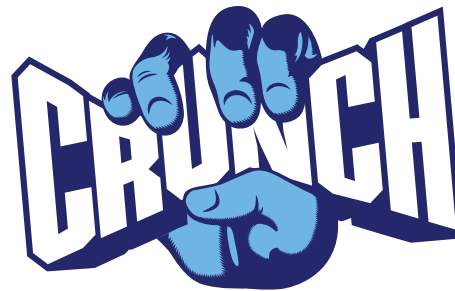

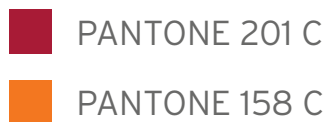

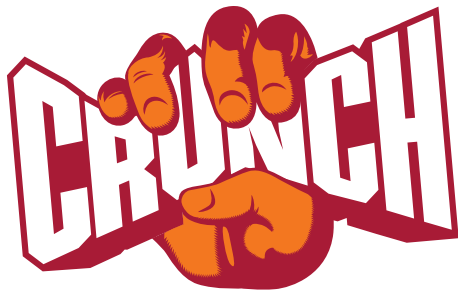

Our logo is a representation of who we are and the experience we offer as a leader in the fitness industry.

2-COLOR LOGOS

These are the three primary 2-color logos. They are approved for both Signature and Base club use.

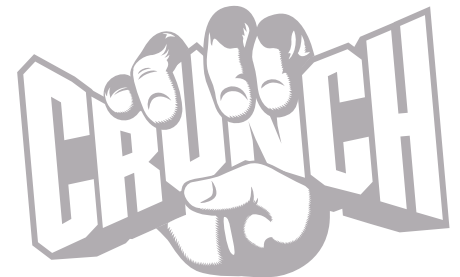

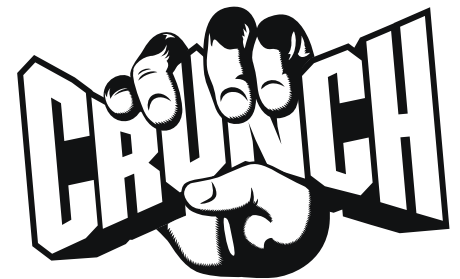

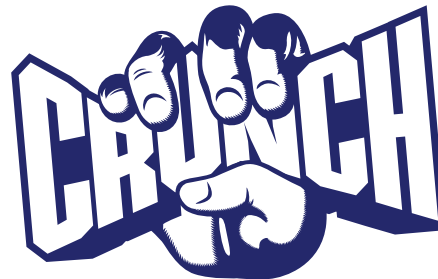

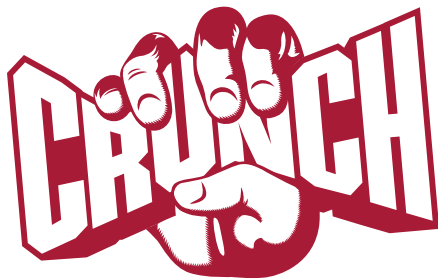

You can stray from these colors to suit your design *sometimes*. Please ask for assistance when doing so.

1-COLOR LOGOS

1-color logos can also be used for both Signature and Base clubs.

You can stray from these colors to suit your design *sometimes*. Please ask for assistance when doing so.

THINGS TO AVOID

The diagrams below demonstrate what not to do when applying the Crunch logo. *Please behave.*

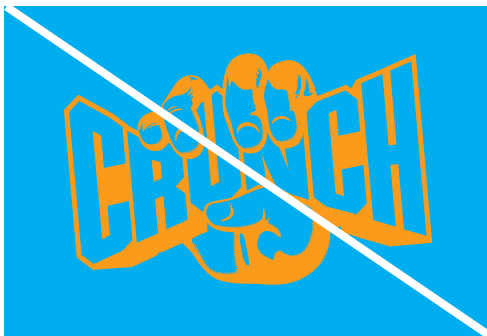

Please do not use drop shadows

Please do not stretch the mark

Please do not invert the mark

Please do not put it on a random background color

Please do not rotate the mark.
(Also, please don't ever use purple and yellow together. That just never works.)

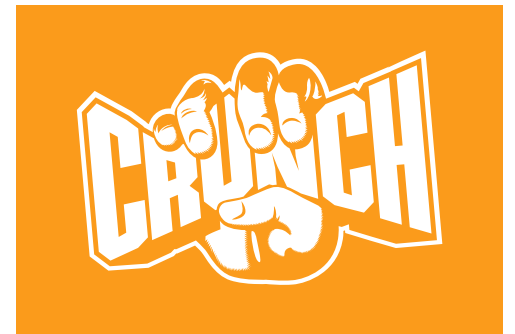

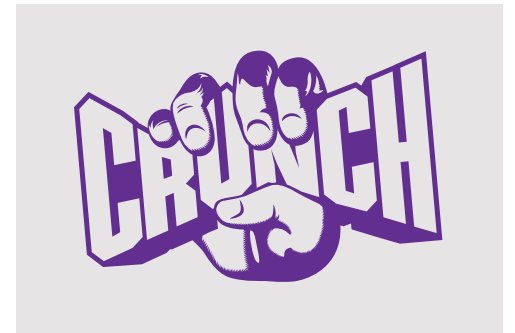

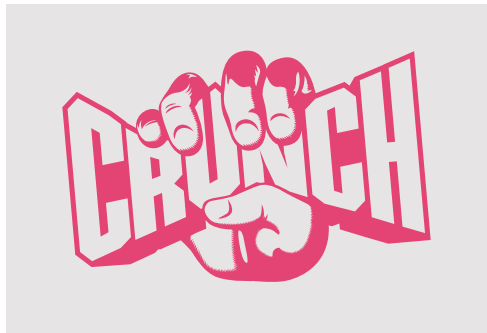

Please do not add weight to the logo

BACKGROUND COLORS

The logo can be placed over an image or a background color as long as the logo is legible and the image does not inhibit logo visibility.

For best results when using the logo, the recommended file types are .eps, .jpg or .png.

COLOR — PALETTE

Our gyms don't look like someplace you want to curl up with a good book. They're loud, energetic, and proudly action-packed. Walk into any Crunch and you'll immediately notice the bold colors, nightclub lighting and just plain awesome spaces that make our clubs feel like a party.

We carry this vibrant energy in all that we do.

COLORS

We make a splash wherever we go. We live colorfully and our palette reflects a great range of colors that we use everywhere from our website to custom direct mail pieces.

Beige is boring.
And we're anything but beige.

SET AN EXAMPLE

So you've seen how we use Interstate online and we know you are on the edge of your seats wondering how this lives in print collateral and out-of-home.

Here's an example of how it lives outside of your computer screen.

Subcopy: smaller than the SUBHED but still legible from afar. Phew.

HED: large and in charge.

SUBHED: visible from a distance but not overpowering. It serves as secondary copy.

Logo: in this case the logo is knocked out to pop on the colorful background.

Hashtag

A woman with short dark hair, wearing a yellow tank top and black leggings, is lifting a dumbbell. A large, semi-transparent orange and red number '67' is overlaid on the image. The background is a blue brick wall.

CAMPAIGNS

We create holistic campaigns with three main objectives in mind:

Elevate the Brand + Build Awareness

- reinforce our No Judgments philosophy
- prioritize photography and make an impression
- get back to the core voice and DNA of Crunch

Drive Leads + Sales

- ensure promotional offers are clear, compelling and prominent
- position Crunch as inclusive for all
- tie in promotional offers with colorful imagery
- adopt an omni-channel media approach

Build Loyalty

- create a fun, quirky, irreverent and provocative campaign that inspires and resonates with both our members and prospects
- activate community in-club and engage via social media platforms

GROUP FITNESS

Make it a group thing and find your strength in numbers. Our off-the-wall classes are hardcore sweat fests designed to get you moving, shaking and burning in every way imaginable.

PERSONAL TRAINING

Here at Crunch, we focus on bringing you the most powerful workouts to meet your needs: our toolbox includes weighted battle ropes, kettlebells, TRX® suspension straps, MMA equipment, Bulgarian Bags, and the list goes on.

It may sound like a mouthful, but this world-class functional training equipment helps our trainers provide you with an array of High Intensity Interval Training (HIIT) workouts.

Our Crunch Fitness locations offer CAMP CRUNCH, an all-encompassing fitness program including personal training, small group training, and nutrition.

EDITORIAL

Less is more. We now emphasize the importance of high quality editorial photography. So if you're working with one great image, let that be the hero. No need to make a collage of small images.

No Judgments. We embrace diversity, whether it be age, body, race, you name it, we like to feature all walks of life. That is what makes this Crunch family unique. And amazing.

Express yourself. We are all about personality and love to see the emotion and energy in every shot.

Elevate. Don't even think about sending a photo captured on a phone to print. Quality is key.

Get high. NO LOW RES. Size matters in our photo standards so let's continue to keep our images large.

Resolution: **300dpi is ideal, 150dpi is ok**

Size: **2x1 ratio, no smaller than 1500px (width)**

If you would like to coordinate a content shoot, please send photographer's portfolio link to Crunch's Creative Director at lauren.kanfi@crunch.com. Lauren will vet with the Marketing team to ensure their work aligns with Crunch's branding.

ENVIRONMENTAL

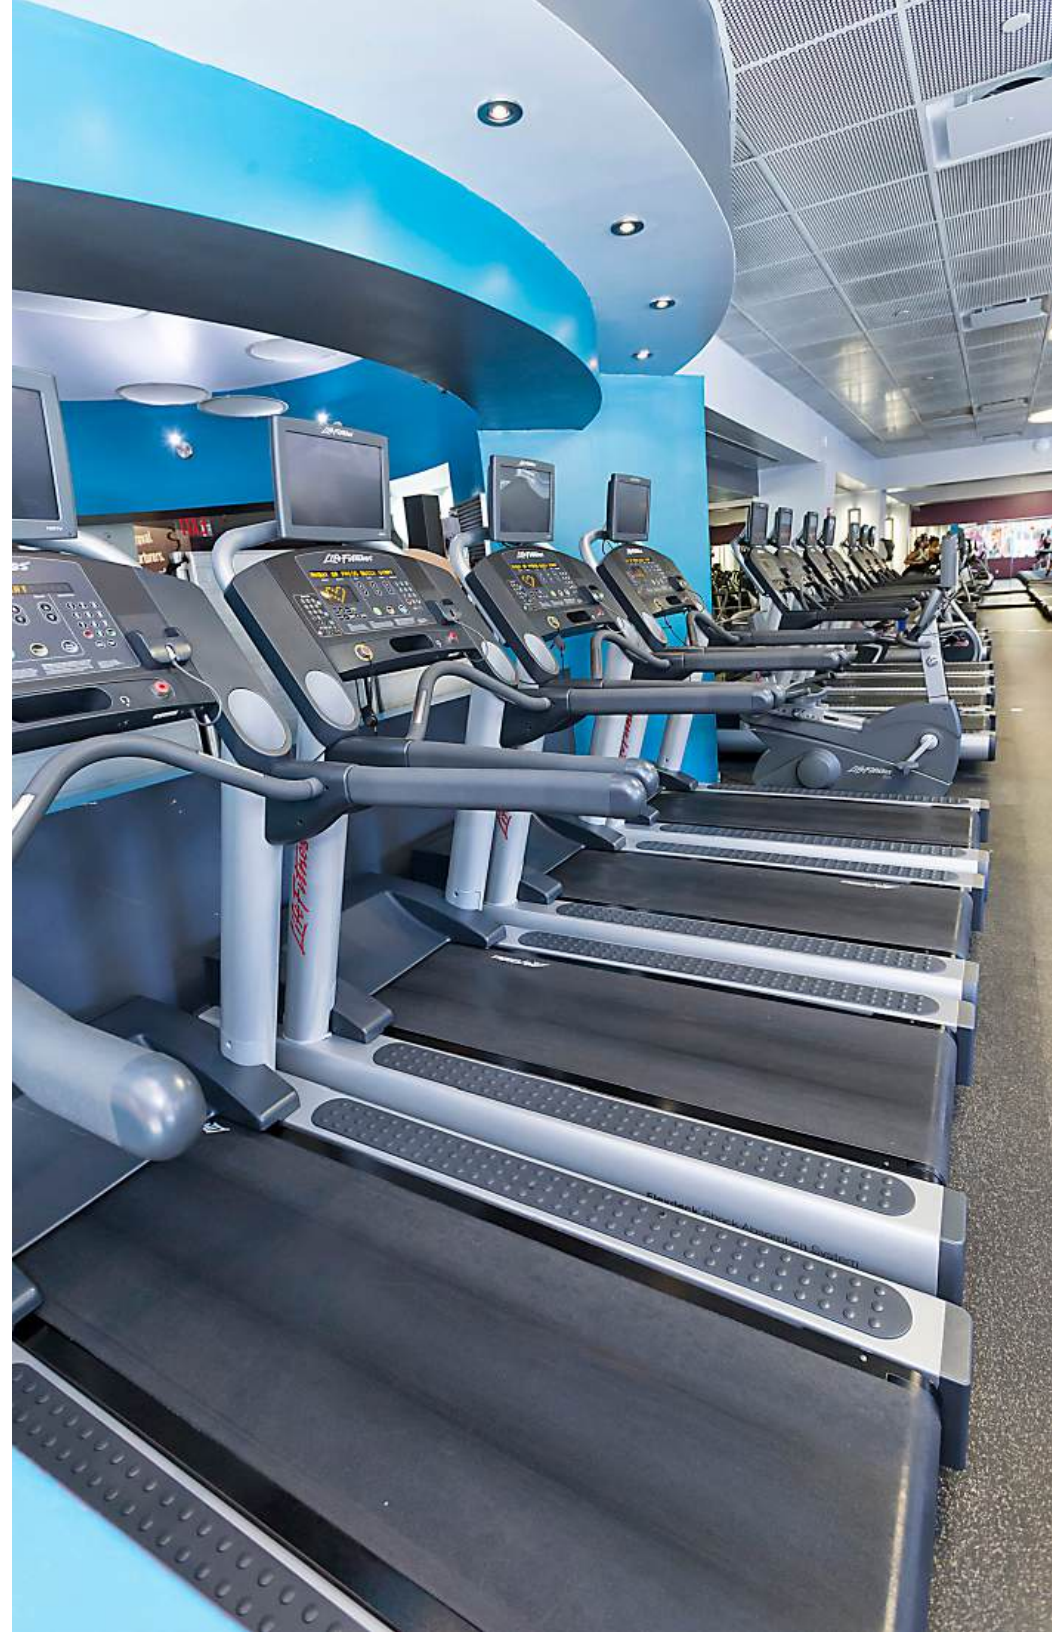

Below are some rules for photographing the interiors and exteriors of Crunch. *Please don't color outside the lines.*

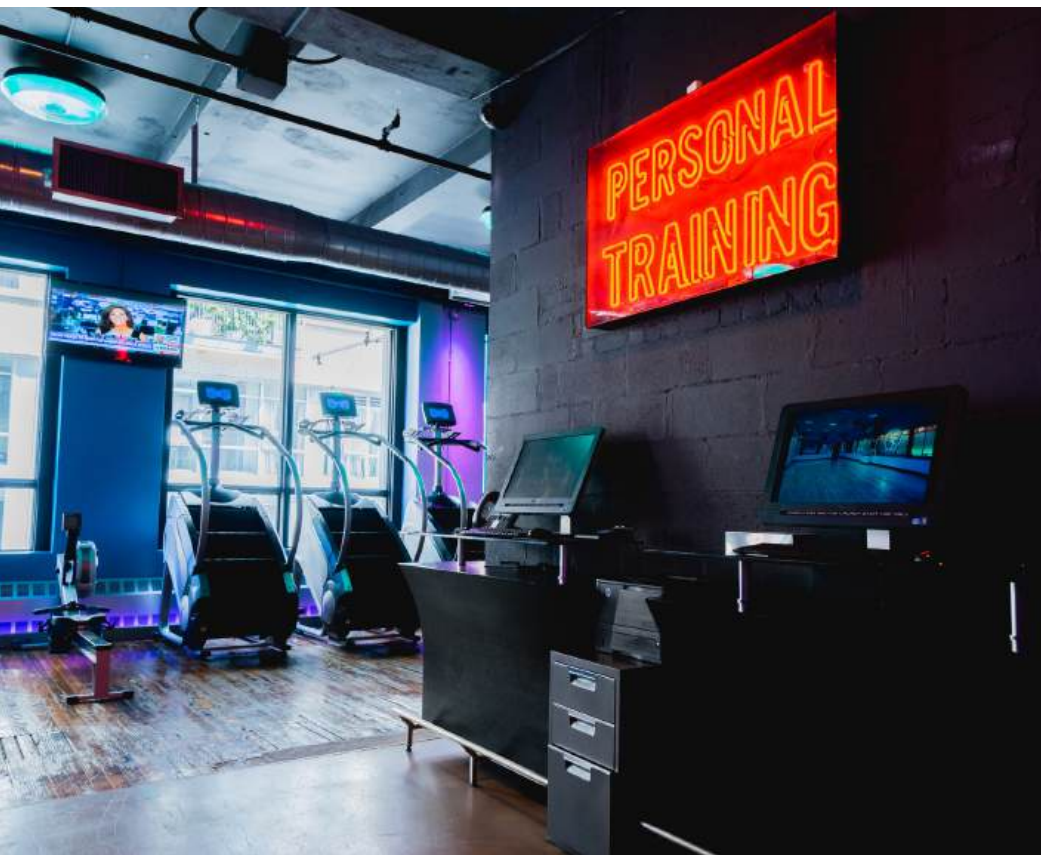

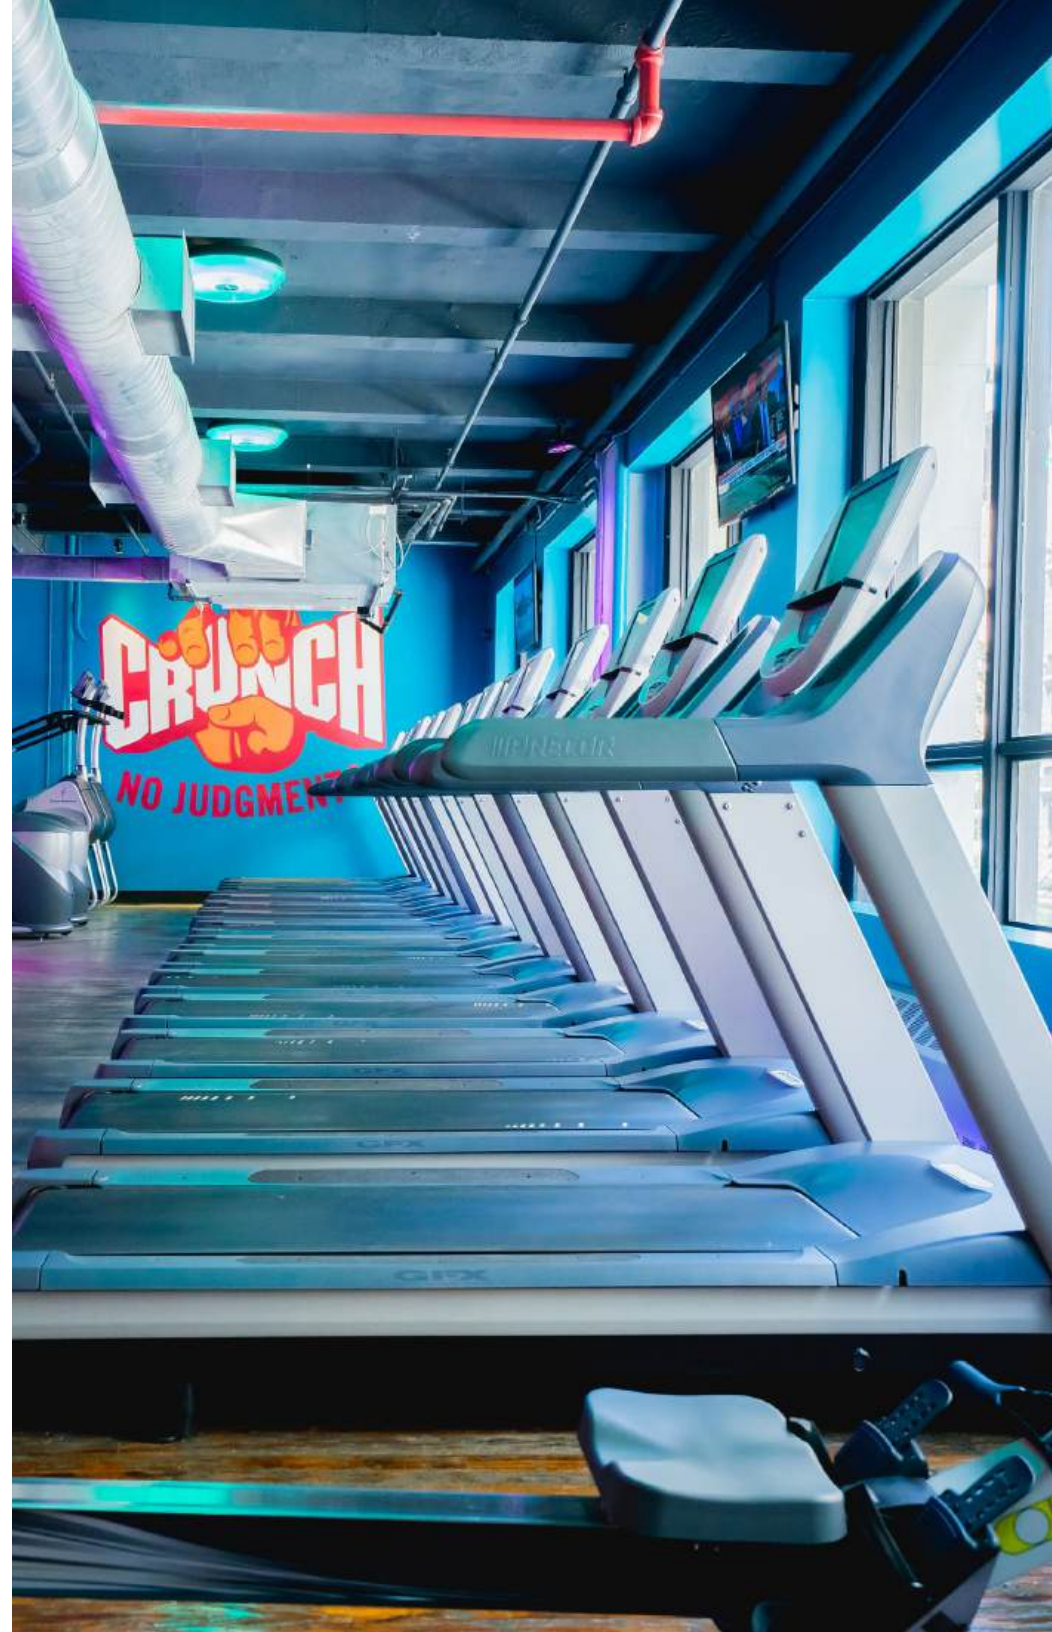

- Photos should be free of any people or foreign objects (towels, water bottles, etc).
- A variety of angles is preferred.
- Shots of all gym areas, including fitness studios, tanning areas and front desk, should be included.
- Daytime exterior shots should be included. Keep weather and lighting top of mind.
- Please remove any A-frame sandwich boards or signage to eliminate distraction and to look timeless.
- Facilities should look clean and orderly with attention to detail (i.e. logos on weights should be upright, legible and in same direction, no rogue towels on the ground).

Resolution: **300dpi is ideal, 150dpi is ok**

Size: **2x1 ratio, no smaller than 1500px (width)**

Before scheduling a photo shoot, please send photographer's portfolio link to Crunch's Creative Director at lauren.kanfi@crunch.com. Lauren will vet with the Marketing team to ensure their work aligns with Crunch's branding.

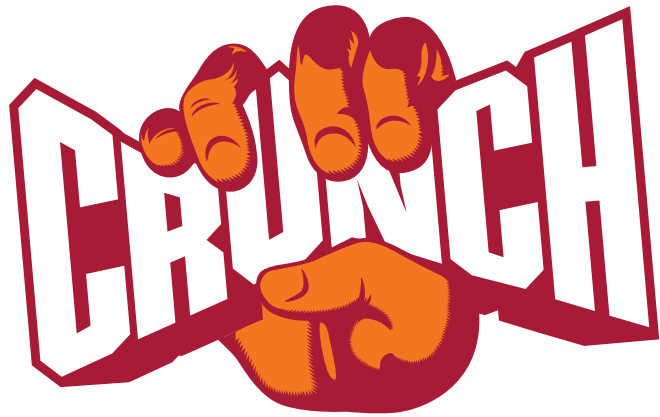

SIGNAGE — STANDARDS

For signage and brand recognition for Crunch Fitness gyms, the following defines the correct dimensions for exterior use.

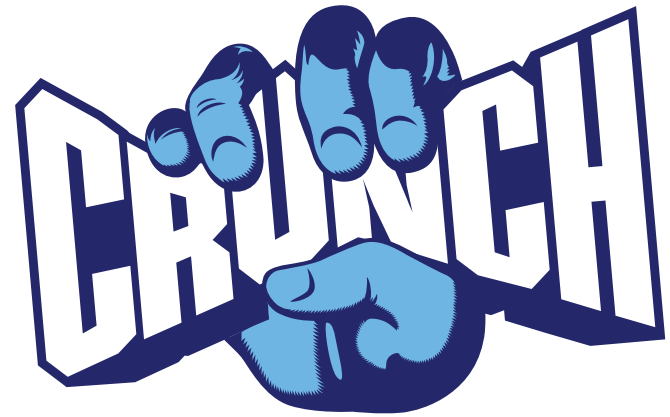

This should give you an idea on standard sizes and color ways for common signage options and how to scale accordingly. Size matters, make the logo bigger.

CHANNEL LETTERS

When the logo is on the exterior of a gym, the use of channel letters is ideal for brand visibility from afar. A standard custom channel letter is a 3D graphic sign element. Its channel is fabricated from custom-made sheet metal, most often aluminum since it will not rust.

There are two color options. Both are acceptable but our recommendation for primary usage is the orange logo option due to visibility. Consider the facade when selecting the color of your channel letters.

A. PRIMARY COLOR OPTION: ORANGE LOGO

Orange Logo (Pantone 201 C + Pantone 158 C)

FITNESS is White

CHANNEL LETTERS

B. SECONDARY COLOR OPTION: BLUE LOGO

Blue Logo (Pantone 2748 C + Pantone 292 C)

FITNESS is White

C. ALTERNATE OPTION

FITNESS is Blue (Pantone 2748 C) or

Orange (Pantone 158 C).

Requires approval from Crunch Marketing. In cases where the facade of the building is white or light in color, you can submit a request for the alternate color option.

INSTALLATION

For installation of channel letters, please make sure there is **at least 1ft. of facade above, below and around** the logo. It is in your best interest to maximize the space while allowing for ample breathing room for the logo to live.

BOX, MONUMENT & PYLON SIGNS

With this option, the logo is displayed on an outdoor lighted box sign. The background color provides a platform for the logo to visually pop.

Please allow for **at least 6 inches** above and below the top and bottom of the fist.

Depending on the background color of the building, opt for the one that works best with the color scheme. Please consult with Crunch Marketing beforehand.

WHAT NOT TO DO

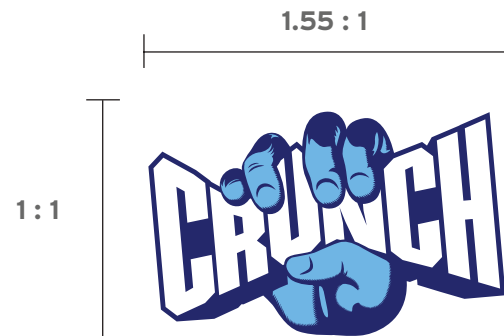

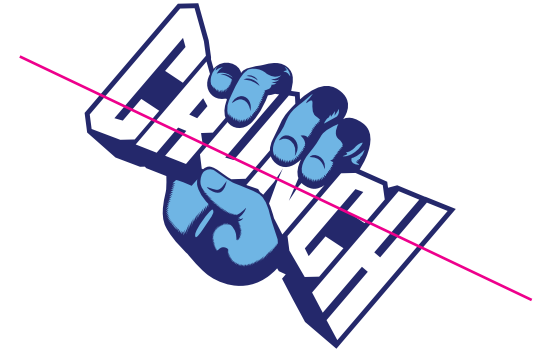

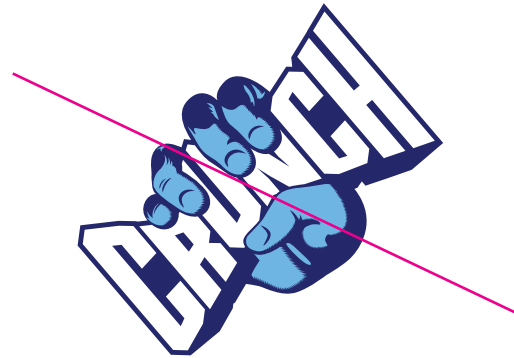

RULES OF THUMB

It's off-brand to separate Crunch from Fitness. Crunch is not intended to live on one panel and Fitness on a separate panel.

For exterior signage, the word Fitness cannot exist without the Crunch logo.

Do not rotate the logo.

Always make sure the logo has ample breathing room and is not confined to a tight space.

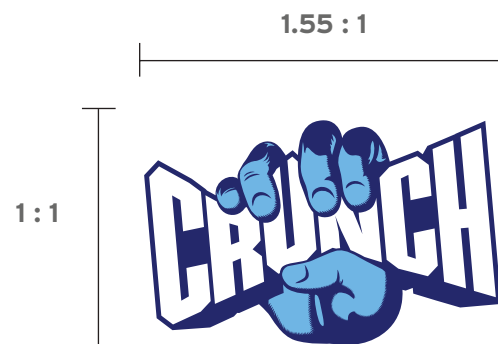

ALTERNATE FORMS

EXAMPLE

For Crunch Gilbert, to maximize the brand visibility from the parking lot, we paired the Crunch logo with Crunch Fitness.

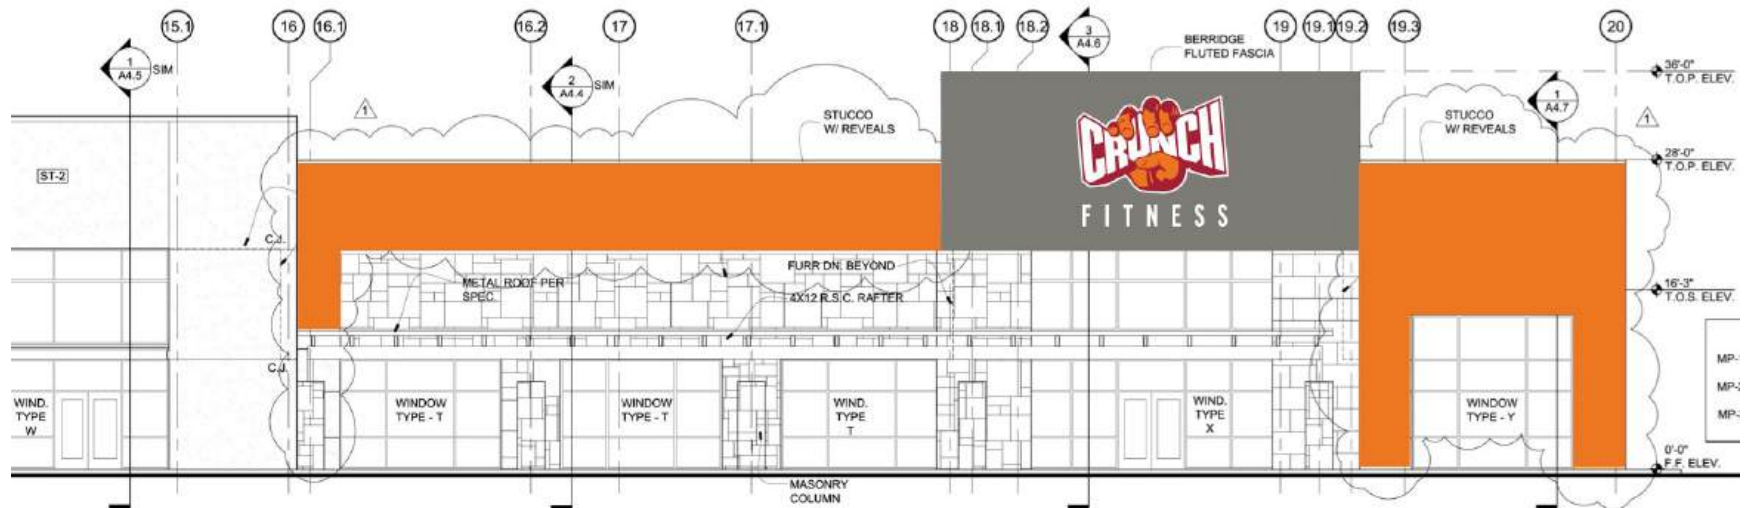

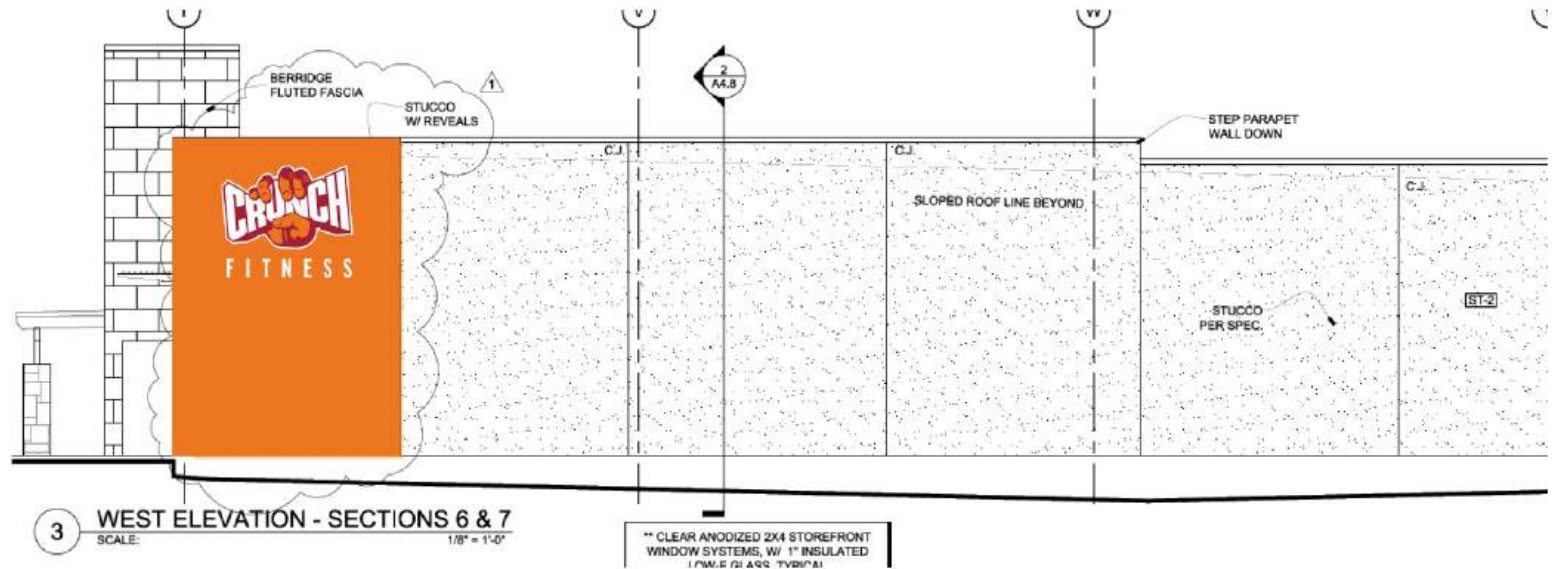

Please keep in mind that these are special case scenarios where we adjusted the treatment to work within the visual logistics of the club exterior.

The screenshot shows a web browser window with the Facebook page for CRUNCH. The browser's address bar displays "https://www.facebook.com/CRUNCH/". The Facebook header is dark blue, featuring the "facebook" logo on the left and login fields for "Email or Phone" and "Password" on the right, with a "Log In" button and a "Forgot account?" link. The CRUNCH profile picture is a black square with the white "CRUNCH" logo. The name "CRUNCH" is displayed with a verified blue checkmark, and the handle "@CRUNCH" is below it. A left-hand navigation menu includes links for Home, About, Photos, Videos, Posts, Instagram Feed, Crunch Guest Pass, and Locations. The main content area features a large video of a woman with curly hair in a gym setting, with "NIGHT" visible on her shirt. Below the video are buttons for "Like", "Recommend", "Share", and "Sign Up", along with a "Send Message" button. A "Photos" section shows a group of people in a gym. On the right, a box identifies the location as "Gym/Physical Fitness Center", and a "Community" section shows "91,318 people like this" and "88,960 people follow this".

CRUNCH — IN THE WORLD

Our state-of-the-art gyms now blanket the country and are establishing a footprint across the globe.

We've been featured worldwide in magazines, television, movies and online, building brand notoriety, inspiring imitators and attracting millions of members to be a part of what we do.

LOCATION, LOCATION, LOCATION

Crunch has a history of occupying unique real estate spaces: a historic post office in NYC's Upper East Side, a converted cinema in Brooklyn's Park Slope and the Alhambra theater in San Francisco to name a few.

With 30 Crunch Signature clubs and with 216 (and counting) Crunch Fitness locations nationwide, we've got you covered. Plus, international locations in: Australia (10), Spain (2) and Puerto Rico (2).

LOCATION, LOCATION, LOCATION

In 2018, we headed north to Canada with 22 clubs in development and that's just the start.

Sounds good, eh?

OUT-OF-HOME

Crunch's visual advertising ranges from innovative digital media signage to traditional sandwich boards. They're vibrant, eye-catching and will make even a bus stop.
